#### 1. Fundamental wealth

The fundamental wealth is the material of human life, namely the body.

#### 2. Necessary wealth

This is a material wealth closely related to the body's food and clothing. Such as food to eat, clothes to wear, house to live in and so on.

#### 3. Natural wealth

This kind of wealth is most closely related to necessary wealth. These treasures include land, airspace, sea areas and the materials that human beings need.

#### 4. Create wealth

It is a labor tool for human beings to obtain the necessary wealth and the wealth that human beings need for their survival and development by processing and transforming natural wealth.

## 精神財富SPIRITUAL WEALTH

是指人們從事智力活動所取得的成就一個無形的東西，即：除物質上的財富，就是精神財富。既然叫做財富，也像真正的財富一樣寶貴的，而與真的財富不同的是，精神財富不會隨時間的推移貶值或遺失具體說來應該是存在與你心中僅次於感情的珍貴記憶或真諦，在你失意或悲傷的時候給予你撫慰，在挫折的時候給你信心或前進的方向，在你老去時可以回味的，誰也拿不走你的內心寶藏，那是比任何實際財寶都要珍貴的東西，是一個人得以活下去，得以不斷進取的源泉，所以精神財富也稱作精神資源。It refers to the achievements people have made in intellectual activities, an intangible thing, that is, except material wealth, it is spiritual wealth. Since it is called wealth, it is as precious as real wealth. Unlike real wealth, spiritual wealth will not depreciate or be lost over time. Specifically, it should be a precious memory or true meaning that is second only to feelings in your heart. It will comfort you when you are frustrated or sad, give you confidence or direction when you are frustrated, and you can remember it when you are old. No one can take away your inner treasure. It is something more precious than any real treasure. It is a person.
